Fenner Named 1973 Queen

A tearful, happy Shelly Fenner was crowned Homecoming Queen for 1973. Beside her were Cheryl Winfield and Mary Ann Saunders, both elected senior runners-up in student elections.

The entire Homecoming Queen's Court, pictured below, includes (front row from left) Miss Winfield, Miss Fenner, and Miss Saunders. Back — Cathy Galat, Debbie Brown, Kim Fenner, Phil Stocker (Prime Minister), Becky Easton, Renita Pack, Kathy Cogley, and Judy Young.

Senior Homecoming Float Places First

It was a hard-fought battle this year between the seniors and the juniors, but as usual, the seniors took first place in the float competition. For the second straight year the Class of '75 placed second. Also for the second straight year the class of '76 came last.

The theme this year was Winnie Pooh, and each class tried to create an idea that could take homecoming honors. The senior's winning float depicted Pooh's "Hunny" with some bees designed in for good measure.

Fall

Hunting, Cycling, Football Attract Big Reds in Fall

We Big Reds do a lot of different things in the fall of the year.

Some of us like to rev up our cycles and head for the countryside while others like to sit along the St. Clair river waiting for a big walleye to hit.

Some of us like to go horseback riding while others just can't wait for hunting season. Then there's also sandlot football in the stadium every Sunday.

At Halloween a number of us like to try our hands at exterior decorating, better known as T.P.ing. Unfortunately, some of us get caught. But it's fun and as long as nothing is damaged or anybody is hurt, it's a fall activity we look forward to.

Band

Band Members Tune Up, Never Out

For the first hour of the day, silence creeps through the band room with its chairs in semi-circles, horn cases on the shelves, and music folios in their places. Then one hour later a sudden change comes about.

The 115 people of the Honors Band move in to begin their daily practices. You hear the students pulling cold horns from their cases, their "mill talkatively," Ralph Christick warming up on his clarinet, Ron McDonald and Barb Selden beating that "heavy" beat on the snare drum, and Linda Wakeen playing that "sweet" melody on her trumpet. Above all of this you hear the strike of Mr. Payton's baton on his music stand. The daily practice has begun. And then, 53 minutes later, the kids with their tired lips from their hard practice put their warm horns back into their cold cases and head for third hour. One group that is made up by people from Honors, Varsity, and some from the Cadet band is the Marching Machine. There are different groups which make up

the whole of the Marching Machine, such as the Tomahawks, Sign Bearers, Display Flags, Thunderbirds, Majorettes, Color Guards, and the Machine itself under the direction of Allan Cairns. In all the Marching band consists of 24 squads, all under Mr. Eric Payton.

Another group within the Honors Band is the Royal Reds Jazz Band and the two pep bands which play at the games.

The newest part of the band is the Tomahawks, a "Warhooping" drill team under the direction of Kath Knowles.

Disney World Trip Highlites Year

Another year loaded with activity has passed for the band.

It all started this year with the Marching Machine performing at the football games. Then came the parades: Veteran's Day, Memorial Day, and Sarnia Christmas Day Parade. You can hear the loud beat of Joe Daniels' bass drum, the "oom-pa-pa" of Jerry Moeller's tuba, the brass sound of the trumpets and trombones, the soft melody of the flutes and clarinets, and our director, Mr. Payton, marching alongside of the band.

In the past the Marching Machine made trips to such places as Niagara Falls, Canada in 1973, the Olympics in Germany in 1972, as well as others. This year the big trip was Disney World during the spring break.

Plans called for a concert, a parade, and a day touring Cape Kennedy before visiting Sea World.

Another activity of the band is putting on concerts. The Cadet and Varsity bands put on two concerts each year, their Christmas concert and the formal spring concert.

Every year the various band units follow a full schedule.

This presents not only a challenge to band members, but also many happy memories.

Downers, Uppers Given Free — In Gym Class

Whether you are feeling up or down, gym class can change all of that for you. Everyone flips over gym. Each year there are lots of activities like swinging on the uneven bars or the parrallel bars. Gym class specializes in games which will be useful in life after graduation from high school. These games and sports include badminton, horseshoes, bowling, table-tennis as well as field hockey, tennis, baseball, and softball.

In gym you get to forget all about homework and give yourself a breeze jumping up and down on the trampoline.

Of all the gym activities, the funnest of them all is crab soccer. Everyone enjoys this game because they can really get their kicks out of it. Naturally, everyone looks forward to spring when it's time for a dip in the pool — polar bear style. There's something for everyone in gym.

Watergate, Impeachment, Nixon, Agnew, Ford, Ervin, Baker, Oil Crisis Make News in Year of Political Unrest

What a mess the world is in today. Especially the United States. At one time the United States was the greatest of world powers, but not any more. It seems like the U.S. is falling into destruction without a way out. People are afraid to travel by car because of the gasoline shortage. Now people say the energy shortage will grow worse, but many say there is none. Who's to know for sure. It seems like the average American citizen is always getting the bad end of the deal. A perfect example of this is the high cost of food.

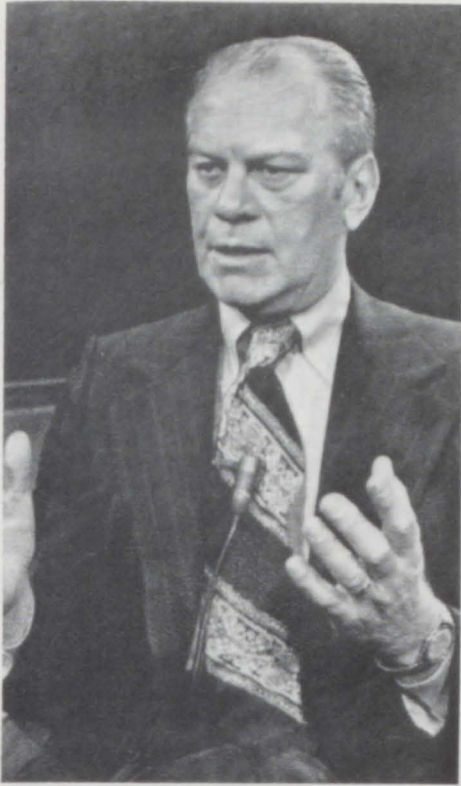

Next time you buy a bag of potato chips see how many you get. Almost every type of food is doubled its price. How can people live if they can't eat right?

The people in looking for someone to blame have been looking at President Richard Nixon. There is currently a movement to impeach him. So far during his administration the matter of the burglary of Watergate, the break-in of Daniel Ellsberg's psychiatrist, and the resignation of Vice President Agnew has shocked the nation. One development that strikes close to home is the selection of Gerald Ford of Michigan to be the Vice President. Perhaps men like Sen. Howard Baker and Sen. Sam Ervin can get our country straightened out again.

The mess in the world today really makes a person think about his place in the world.

Reds Take 1st In Baseball

The Big Red Baseball team finished at 7-1 in the E.M.L. good for first place. They were 12-5 overall. In the semi-final district game P.H. beat Fraser 3-0 on a two hitter by Dave Dusellier. The Reds lost, however, in the finals 1-0 to Stevenson in the last inning on an unearned run. Dusellier led the pitchers with seven wins against no losses with 63 strikeouts in 42 $\frac{2}{3}$ innings pitched. His earned run average

was a sensational 0.15 with only one earned run allowed during the entire season. Tim Lynch gave up only 8 earned runs in 35 $\frac{1}{3}$ innings with 21 strikeouts.

Pat Hunt led the team in hitting with a .460 average on 23 hits in 50 attempts. He also led the team in RBI's with 15. Dennis Van Conant was next in hitting with .364 on 16 hits in 44 at bats. He and Rick Napolitan led the team in doubles with three each.

Netters Place First in E.M.L.

It was a big year for Big Red tennis in 1973. Not only did the team tie for first in the E.M.L., but they also had three players win two rounds of matches in state tournament play before being eliminated. In addition, the team took the regional tournament at South Lake for the second straight year.

Graduation Game

Whoa! Not so fast. You didn't take enough English. Go back one and take a Counselor Card.

This is a fun game for all Big Red seniors. It is unnecessary, depressing, and full of hassles. There is a diploma to win, however, and we all know that to get it we have to play the game.

Get your I.D. picture taken. But don't hold your breath until you get it.

Take Spanish.
Spend next 20 minutes listening to tapes.

Get measured for caps and gowns. Fork over \$5.00. Then lose your receipt and try to prove you paid. Take an A.P. Card.

Computer messes up your schedule. Take another Counselor Card. Then Another. Then Another.

Computer messes up again. This time take an A.P. Card and wait, and wait, and wait, and . . .

Pay class dues. Fork over \$10.00. Ask what's the money for. Don't take any cards. They don't have the answer.

Buy announcements. Fork over \$8.77. Take one step back. You forgot to pick them up.

Opps! You forgot to get a parking sticker. Pay towing charges. Then back up one space. You lost your new sticker.

Get your first semester grades. Ouch! Wasn't this last year supposed to be easier than all the other years?

You need money. Try to get a job. Better yet, get on coop. See Mr. White. See Mr. Clair. See Mr. White. Success. But now you need a better job. You owe more money now than when you started. If you quit school to pay off your bills, go back to start and begin again.

Counselor's Cards

**DO NOT TAKE ONE
UNTIL YOU MAKE
AN APPOINTMENT**

Take a break. T.P. somebody's house or tree. Or go to Canada for a pizza.

Take a car ride with a "speedy" friend. Spend two days in the hospital and miss one turn.

Fall asleep in math. Take a Counselor Card. And an A.P. Card. And a few Aspirin. You are going to get a headache.

A.P. Cards

**ASSISTANT PRINCIPAL
TAKE ONE
AT YOUR
OWN RISK**

Mumble about graduation. Complain that they are outdated. Threaten not to come and lose two turns.

Now you overslept. Take an A.P. Card and look as sorrowful as you can. And sleepy, too.

You've almost made it. Now get ready for a new game, "Getting a Job."

Get your senior portraits taken. Borrow \$125.79 from somebody, anybody.

Gridders Defeat Warren-Mott, Roseville, and P. H. Central

The Big Red football team posted three times as many wins in 1973 as in 1972, claiming three victories in nine games. Despite a losing record, many Big Reds were stand-outs in individual statistics.

Mike Gray topped the rushing averages with an even six yards per carry. Gary Shamaly was next with 5.6 yards per carry, getting 345 yards to Gray's 377.

In the scoring department, Gray again was the leader with 34 total points on five TD's and two extra point plays. Dennis Thomas was

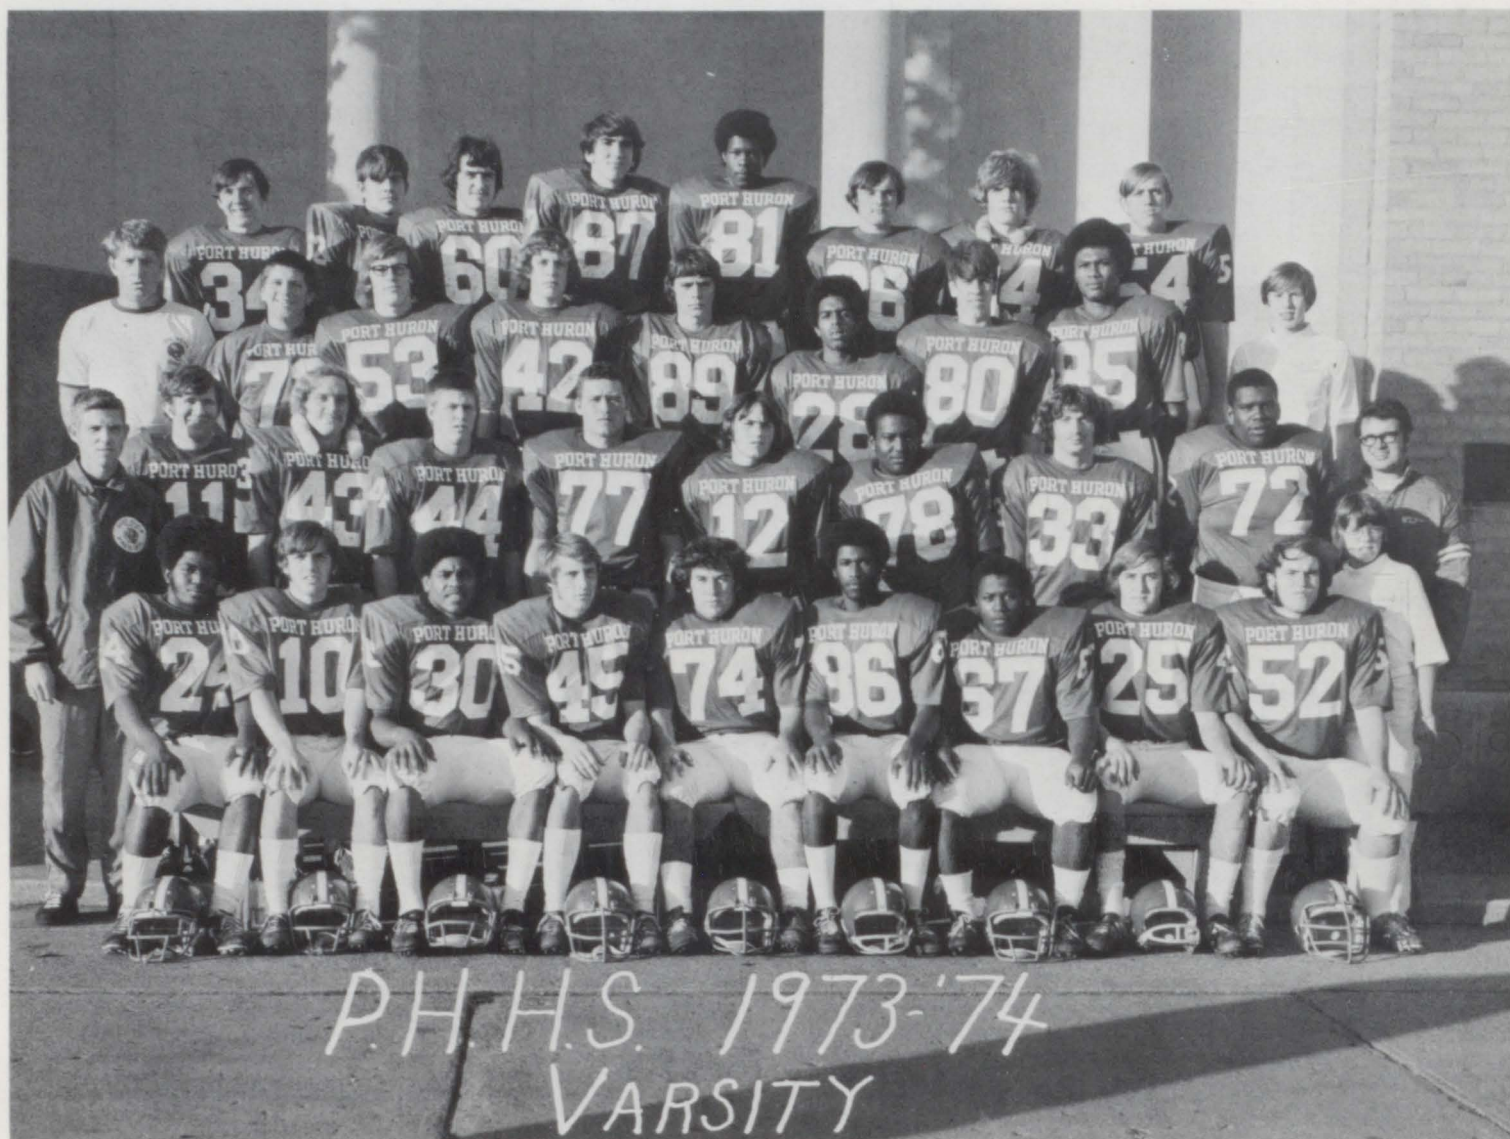

next in scoring with 12 points.

In receiving, Len Lindquist gained the most yards with 121 but Gray had the best average with 17.6 yards per catch. Leo Jones, last year's leader, caught eight passes for 94 yards and an 11.8 average. Tom Seppo led in interceptions with two for 34 yards.

Seppo and Paul Geick both recovered the most fumbles, two. In punting, Jeff Hux average 29.1 on 817 total yards in 28 tries.

Dennis Thomas threw the most passes, 76, and completed 17 for 204 yards. Mike Marsh completed 11 in 37 attempts. Jack McPhail again led the defense for the second straight year with 107 tackles. Len Lindquist was next with 86 as well as Mike Turner, also with 86.

Team Records 6 Wins, 15 Losses

Although the Big Red Basketball team posted a lack-luster 6-15 record, in many respects the team showed good prospects for the future. With three starters returning next year, prospects for the upcoming season look improved.

Mike Gray topped the scorers with an 11.1 per game average. He hit on 103 field goals and 27 free throws for 233 total points. Marvin Miller, a junior, was next with 202 points for a 10.6 average followed by Leo Jones, a senior, with 197 points and a 9.4 average. Journalism Develops Design, Writing Skills

Journalism in Port Huron High School involves two courses in designing, writing, laying out and publishing the school's monthly paper, the Lighthouse, and the Yearbook, the Student. To a deeper extent, Journalism encompasses working together, learning responsibility and independence, and being aware of one's capabilities and limitations.

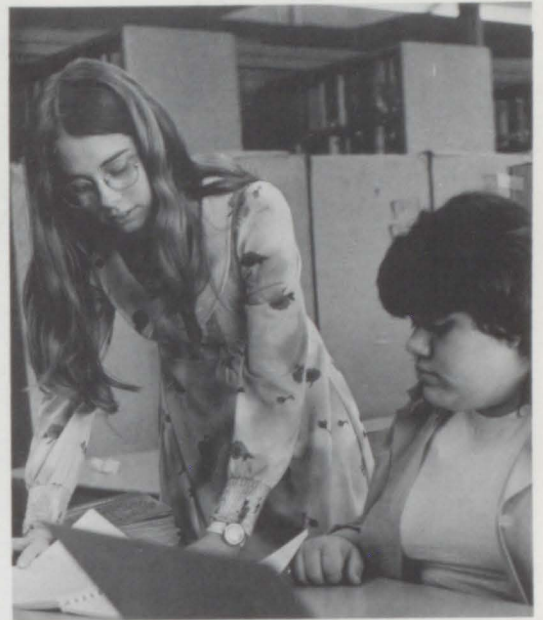

The publication of both the Lighthouse, and the yearbook with the exception of the actual printing, is done entirely by Journalism students.

This year the yearbook staff has had many problems besiege them. The senior class pictures were stolen twice, and the underclass pictures were stolen once. In that same raid the thieves stole all the prints and negatives; thus, it won't be amazing if the yearbook is late.

TOP LEFT — Lighthouse depicts break-ins that plagued the yearbook staff. TOP RIGHT — Lighthouse staff plans next issue. MIDDLE — Rick Slumpff and Lela Lohr check the focus on a negative. Cheerleaders

Being a cheerleader involves almost as much work and practice as being a football player or basketball player. And it isn't easy getting to be a cheerleader, either.

First there's lots of practice before the tryouts. Then, if a girl is lucky, there is almost daily practice in preparation for the games, the pep assemblies, and the special appearances.

In addition to their regular activities, the cheerleaders also sponsor projects to raise money for supplies such as pom-poms.

The cheerleader squads consist of the following girls: VARSITY — Denise Stanley, Kathy Marsh, Judy Young, Karen Winfield, Lori Lapp, Latina Taylor, and Cathy Galat.

JUNIOR VARSITY — Deb Burnell, Deb Carfore, Bonnie Tipa, Ronda Zeigler, Kim Fenner, Jodi Boyd, Dodi Lindquist, and Anita Seely.

Student Council Spearheads Activities for Big Reds

Student Council is one of the top activities at P.H.H.S. It makes decisions which affect students and responds to student needs and desires. The Council raises money in various ways, mainly, however, through the magazine drive which brings in over a thousand dollars to support dances, activities and various school functions. John Moncrief served as president and worked with advisor Mr. Burgess to improve student government and conditions in the school. Mike Gray and Ida Young exchanged the vice-president position.

The National Honor Society was off to a good start this year with Joanne Justice as president. After elections were held, plans for the tea were made. With the help of Vice President Diane Stoner the club held a spring carnation sale. Ida Young and Cathy Foss were instrumental in the success of the pen sale. Miss Welch, sponsor, guided the club through its year. The aims of this year's Spanish Club were centered around a possible trip to Spain in 1975. Activities and car washes among others helped Treasurer Bard Selden amass needed funds. The group, under the sponsorship of Mr. Owens, is optimistic about a 1975 trip.

Mu Alpha Theta Promotes Scholarship Among Match Students

Mu Alpha Theta (Math Club) is an honorary club for math students. Its purpose is to promote scholarship, enjoyment, and an understanding of math in high school and junior college. To be eligible for membership, a student must have a 3.4 average or better in Algebra I and II, Geometry I and II and be presently enrolled in Algebra III and IV. An overall 3.0 average must also be maintained. The club's main project is the weekly math clinic. The initiation this year was held in Marysville Park and consisted of such events as measuring the tennis court with a penny.

Service With Smile Is AV Club Motto

The A.V. Club is responsible for delivering and picking up audio-visual equipment on an hourly basis. They are often seen hurrying down the hall behind a huge cart carrying a TV set, an overhead, or an opaque projector. Sometimes they even get caught in the between-class-rush with their precious cargo. Members of the club pictured at right include, from left, Don Cooper, Les Nutt, Mike Maddox, Steve Dusellier, Bob Guziak, Mark Cowper, Rick Falk, Wayne Furman, Calvin Stewart, Tom Sass, and Joe Tucker. Missing are Lynn Heil, Alonzo Thomas, and Ken Thomas.

Ski Club a Fast Moving Group - Not Always Right-Side-Up

Although the ski club got off to a slow start and were only able to plan two ski trips, it was fun — while the snow lasted. This year the ski club did something different. Everyone took lessons who went on the trips. The goal the club set was to improve skiing technique and have fun while doing it. This program was implemented at Alpine Valley Ski area in Milford. Badges were given out as a member passed a certain phase of the lesson program.

To close the season the club planned a banquet dinner party. Club officers included (Mr. Wydrzynski is an interested non-member) Dan Pelton, Khris Kramer; and Jim Westrick.

Wrestling

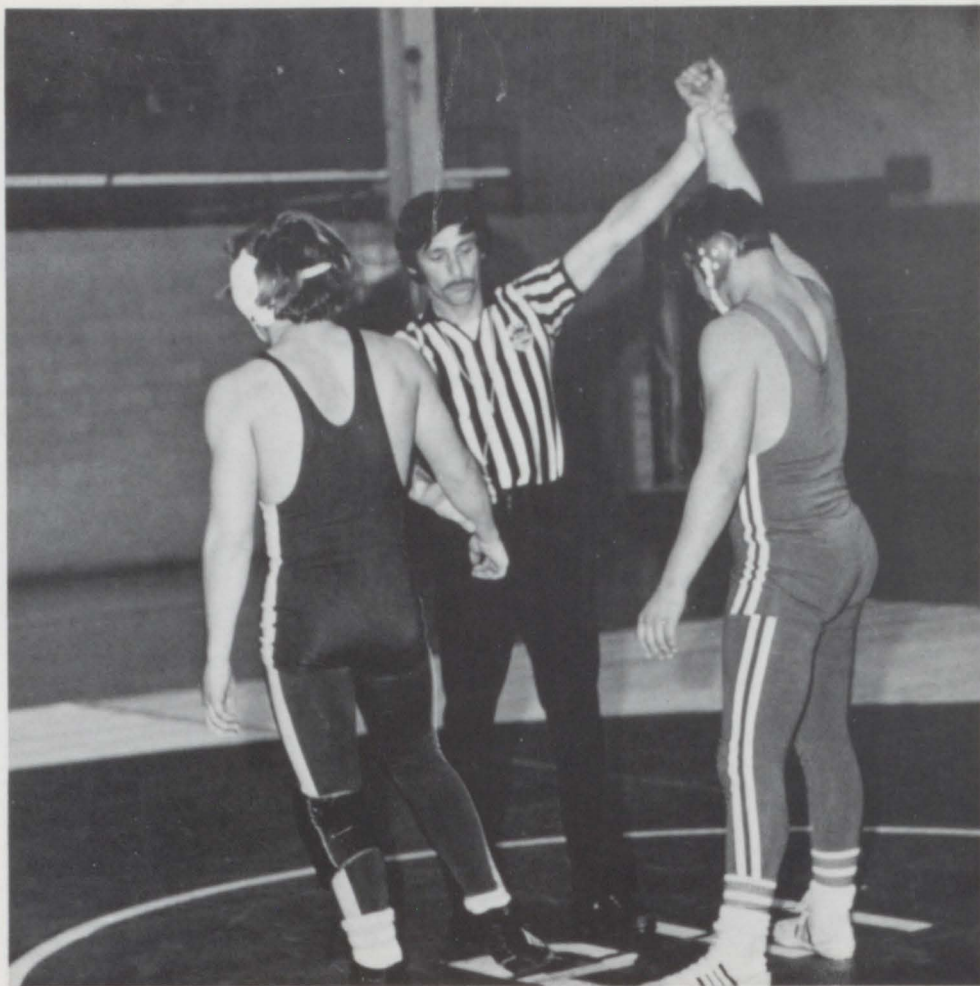

Wrestlers Rebuilding

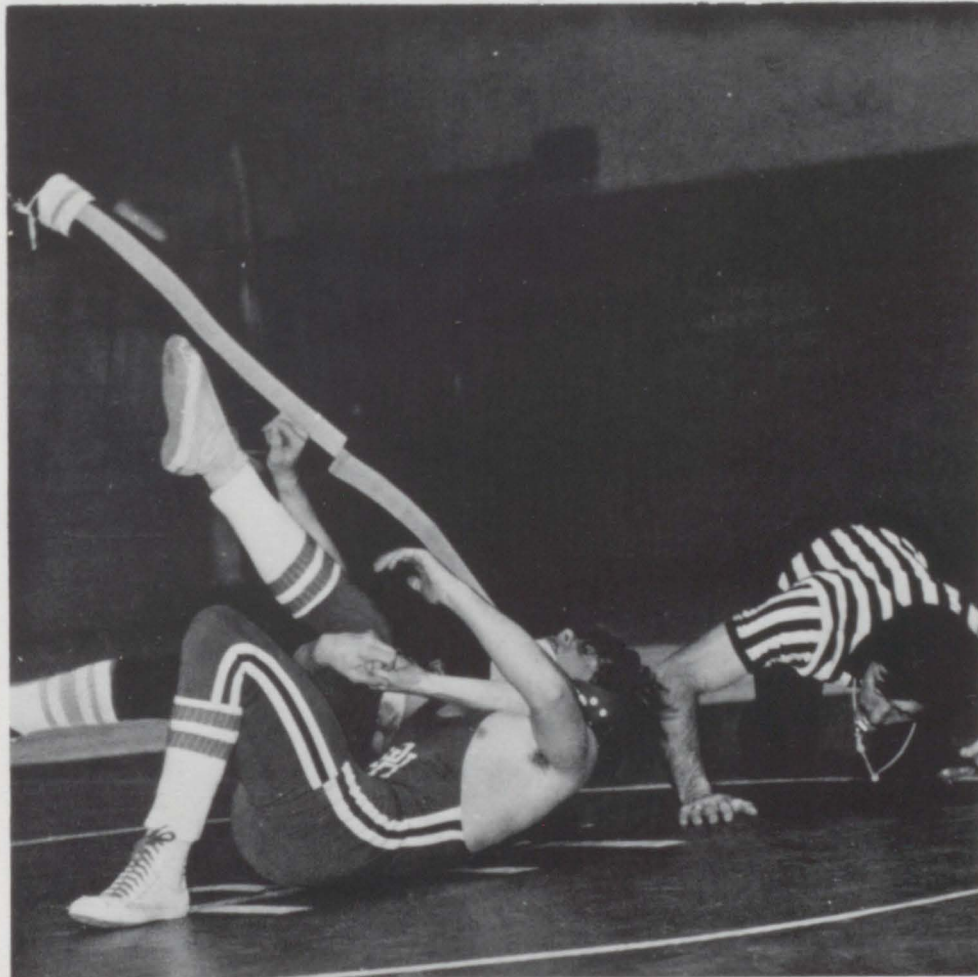

Big Red Boosters,

Although our team record indicates a losing season, there has been great improvement among the returning veterans of the Big Red Wrestling team. When a wrestler comes from last place at the Eastern Michigan Conference Tournament on the junior varsity level, to qualifying for the Michigan State Regionals on the varsity level, it is obvious to see the great improvement.

I feel the wrestling team has improved overall. Last year we won 33% of our individual matches. This year we have won 43% of our individual matches; a ten percent increase over the 1972-73 season.

Next year the Big Red Wrestling team will be looking forward

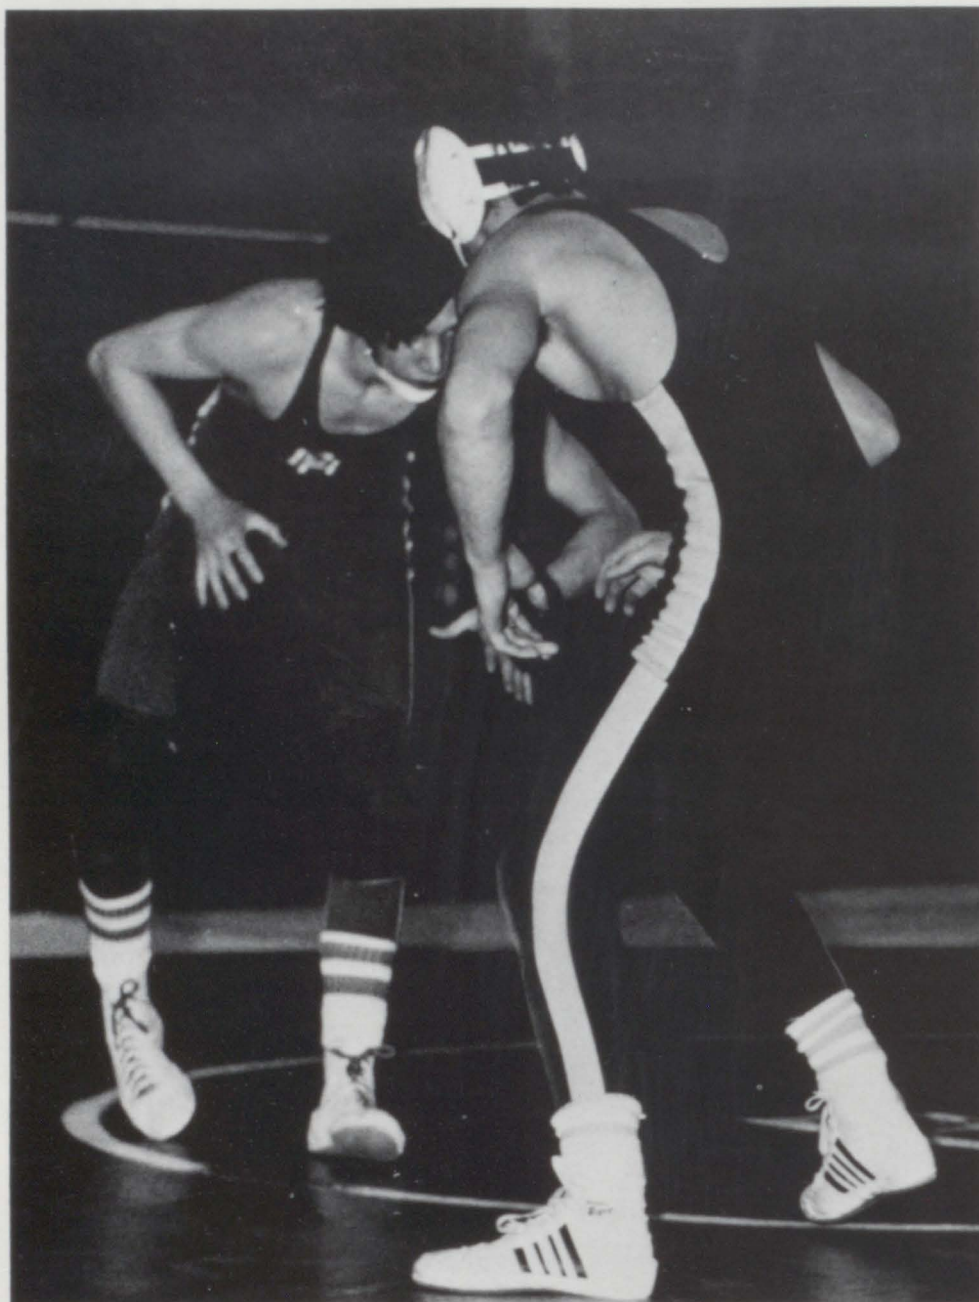

to a real fine season. We are graduating two seniors, Gary Buckles and Rick Turck, who added much to our team and they will be missed. However, with the returning wrestlers and a little recruiting, we are looking forward to the 1974-75 wrestling season as a winning one for us, both individually and team wise.

Sincerely,
Phil Luhman

Mr. Glenn Ulrich

Our science department is really where it's at these days. With Mr. Charles Richards as chairman of the department, science is offering students many courses which help understand today's highly complex living. The newest addition to the department is Mr. Larry Klink who teaches biology. Just like the outside world, the science department is loaded with gadgets and equipment. Only here they are used to further our knowledge of how and why matter and elements behave as they do. Mr. Richards teaches earth science and advanced biology. Mr. Paul Ask teaches physics and several types of science courses. Miss Beyschlag specializes in earth science as does Mr. Korth and Mr. Ulrich. Miss Raub teaches chemistry and advanced chemistry. Miss Stevens of the home economics department teaches one class of health science.

Library Offers Quiet, Release, Atmosphere

In what room in this school can a student relax, slouch in his chair, and read an interesting story without being distracted by a lecture or demonstration? It's the library, of course. Not only does it house over 6,000 volumes of books, but it also offers many magazines and other aids to interested students and teachers. With the helpful assistance of Mrs. Anderson and Mrs. Perukel, who is also in charge of the audio-visual equipment, students enjoy going to the library for any reason, or no reason at all. Some of the students who especially enjoy the library become library assistants, giving up one of their study halls to help sort, catalog, and check out books. An important addition this was a Ludington Reading Room, a room of paperback books, carpeted, where students could read and relax.

LIBRARY WORKERS — Emma Brown, Chris Boehm, Cheryl Turck, Cindy Skinner, Laurie Kivel, Ralph Cristick, Pam Standon, Joan Logan, Kathy Jordan, Lonnie Thomas, Ken Deveny, Teri Fenner, Sue Randall. Missing were Sandra Wade, Karen Urban, and Sue Ganhs.

Secretaries Keep School Humming

Who are the unsung heroes of P.H.H.S.? Among the most likely candidates are the office secretaries. Mrs. Kipp is Mr. Wydrzynski's secretary. She handles those matters which directly involve teachers. Mrs. Emlaw works with Mr. Smith in attendance and scheduling matters as well as suspensions and enrollment problems. Mrs. Efstratis handles matters dealing with equipment and supplies as well as typing and office work. Mrs. Zieg works with Mr. Beedon on the building budget and bookkeeping. Mrs. Bowman works with Mr. Ufford and the counselors, doing reports and other student related activities. Miss Pettee works with the three assistant principals on matters involving general office work and typing.

Co-Op

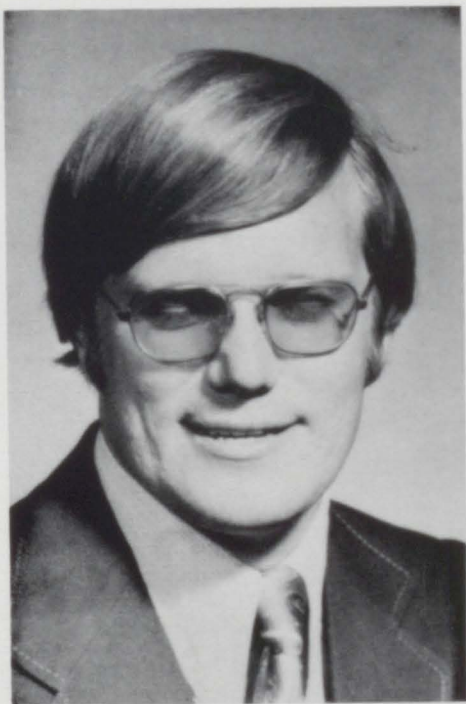

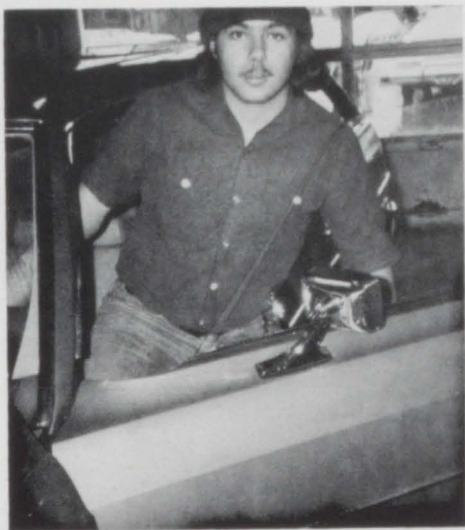

Co-Op Gives Students Opportunity to Get On-The-Job Training

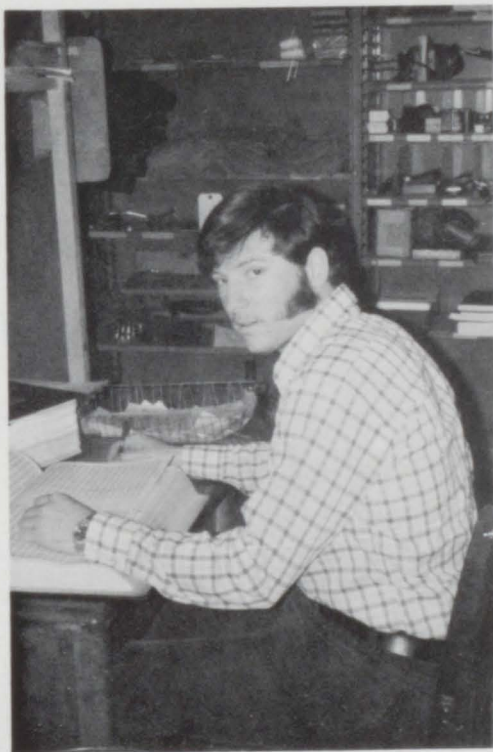

The ambitious students of PHHS look forward to co-op. There are approximately 160 students in co-op. An estimated 70 different trades are offered to the co-op student. Engine repair, bookkeeping, secretarial work, machine operations, and service station attendants are a few. Many doctors, dentists and businessmen are happy to cooperate with PHHS. Gayle Stein, for example, works for Dr. Cleland as a receptionist and she also does typing and filing for Dr. Gholtz.

Schoolwork Just Like Being Home

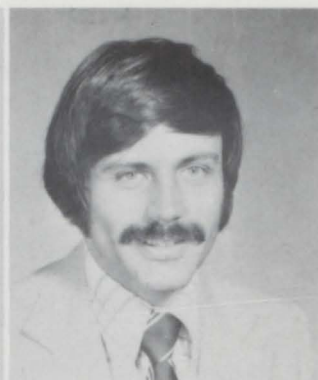

The special and handicapped education classes are for students who need a little extra help in their school studies. These classes aren't like regular classes. These students learn to make items which will be helpful to them after they are out of school. In these classes, the students learn to cook, make rugs, and design plaques which help to purchase new supplies. They have saws, typewriters and other equipment to help in their work.

Languages Have Foreign Flavor

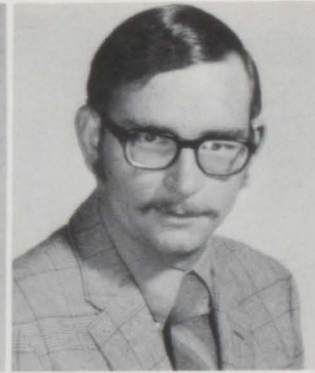

Port Huron High School is proud of the Language department. Spanish, German, and French are offered to students who want to take them. The department chairman is Miss Zuehlke. Mr. Owens teaches Spanish classes and Mr. Hodge is teaching French classes. Mr. Owens is new here at P. H. this year. He was a student teacher last year. The classes made plans to go to a foreign language festival at Central Michigan University on April 2 to perform songs, skits, and various other activities. Classes from all over the state attended.

Fine Arts Students See Their Talents Develop

Art classes give many students a rewarding experience. The students learn many unusual kinds of art. In ceramic classes, students make flower pots, bowls, and containers of all kinds. In other classes students learn to be creative with yarn, paints, glass, wood, and various other materials. Further west down the hall, students are preoccupied with music. In Mr. Crumback's classes students can take time out from their academic courses to improve their singing ability. Those who are serious about music can even take music theory. Honors band, varsity band, and two sections of cadet band are available to students who have an interest in playing a musical instrument. In Mrs. Reid's crafts classes students learn to make jewelry and other such items. Mrs. Smith, acting department chairwoman, teaches art and ceramics-sculpture while Mr. Ploghoft teaches art, crafts, and drawing. Those students who wish to learn to play an instrument are taught by Mr. Payton.

The heart of the educational program in Big Red country is found in the English Department. It is here that students learn to communicate effectively. Anyone can speak or write, but most need to be educated to speak and write effectively and efficiently. The English program is also the home of creative ideas as found in its literature courses, its famous writers such as Shakespeare, Thoreau, and Whitman. It is here that latent student expression and ideas take form. Sometimes these ideas are radical. Sometimes they are ultra-conservative. In the end, however, they serve to stimulate student thinking on a variety of topics and in a variety of ways. English is also the department which provides the basis for understanding the American culture, with courses in American literature and mass media subjects. The English Department in the past few years has been revising and enlarging its course offerings. Such courses as photojournalism, independent reading, reading and writing plays, and reading short stories have added depth and variety to the English program.

Math Helps Develop Logic

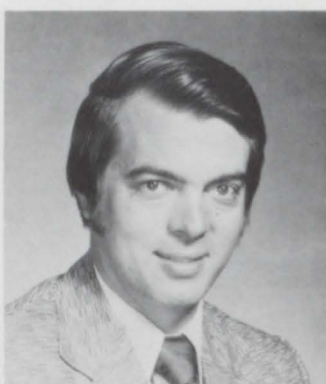

A valuable education in mathematics provides an applicable background of basic principles, procedures, and logic. This background is a prime foundation for more advanced study of math and science. For those not planning further study in these fields, the common use of geometric, algebraic, and arithmetical theories will be widespread.

History, Civics,

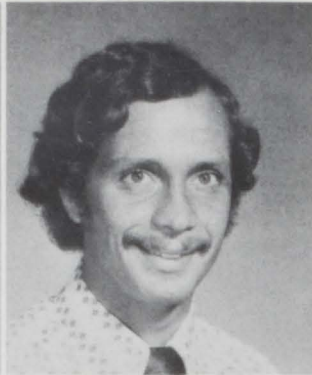

The Social Studies Department works hard to help students to understand the society in which they live. Through their courses, the teachers stress ideas and facts which will help students to understand not only the problems of today, but those conditions of the past which brought them about. Mr. Ralph Harrison, chairman, along with Mr. Lincoln and Mr. Mason, teaches American history and civics. Mr. Eppley and Miss LaVoy specialize in teaching civics. Mr. Burgess and Mr. Pesano work together to teach World History. Mr. Wismer and Mr. Vandenberg share the teaching of Problems in Democracy. Mr. Lutz teaches various sections of American history. Specialized courses include Miss LaVoy's psychology course, Mr. Burgess' course on Canada, and Mr. Vandenberg's values clarification course. Mr. Hamernik teams with Mr. Vandenberg and Mr. Wismer to teach P.O.D.

Most Big Reds Find Themselves Flipping Out Over Gym Class

Everyone flips over gym, especially the ninth graders. There are lots of different activities going on in gym all of the time. Everyone has a swinging time on the uneven bars or parallel bars. Then there's the medicine ball, square dancing, which is not really for squares, bowling, jumping jacks, and exercises of all kinds. Mr. Laughlin is the department chairman and works with Mr. King, Mr. Willick, and Mr. Worden in boys gym classes and weight training. Mrs. Biddle and Mrs. VanWormer handle girls gym. Mrs. Biddle and Mr. Worden work together to teach co-educational gym.

Form Basis for Courses in Industrial Arts Department

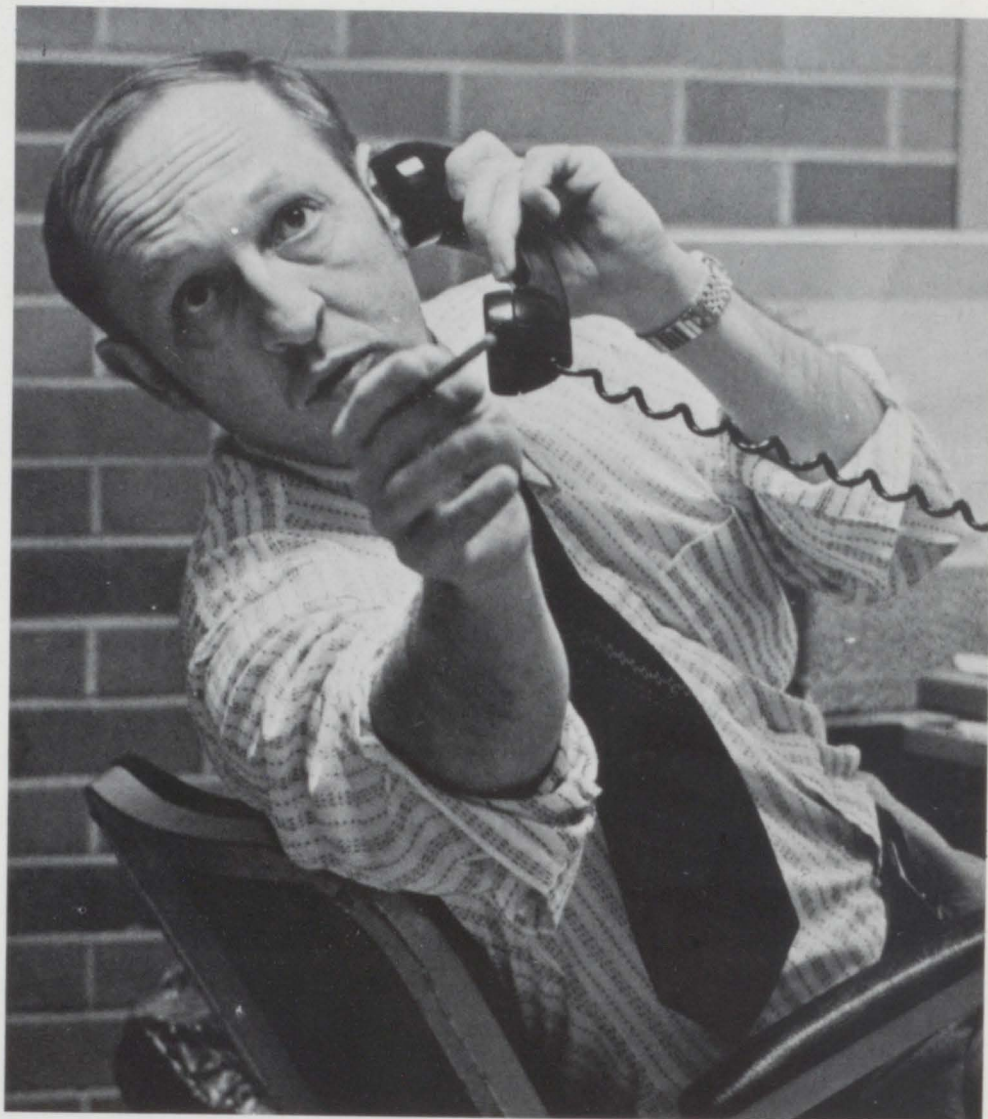

Industrial arts or shop is a program that can help a student find his goals in life. P.H. has programs in which young mechanics, architects, electricians, and welders can get a start. Mr. Belt teaches Power mechanics while Mr. Berger handles the machine shop skills. Mr. Bachler teaches home mechanics, woods, and metals. Mr. Bonito specializes in woodworking. Mr. Hunter teaches welding while Mr. Langolf teaches the drawing classes and Mr. Whitaker handles the electronics classes. Also assisting the department this year are Mr. Fritch who teaches Building and Grounds maintenance skills, Mr. Schantz who teaches construction trades skills, Mr. Spooner who teaches small engine repair, and Mr. Kueber who teaches trade auto mechanics, all at Modern Motors.

Counselors Provide Much Needed Help, Service to Students, Teachers

The counselors provide many services to the students and teachers. They work hard to help students and teachers overcome problems. Mr. Frost, a veteran here at P.H.H.S., is never without his friendly smile and helpful advice. If you're troubled with personal or school problems, Miss Welch finds time to lend a sympathetic ear. Mr. Wendling is quite helpful for scheduling difficulties. Two counselors new to our school this year are Mr. Haynes and Miss Spadafore. Mr. Haynes can almost always be caught flirting with some pretty girl. Miss Spadafore, her counselors have found, gets things done. Perhaps the most important function of the counselors is the help they can give in times of distress or emotional distress. And their advice is not limited to school problems. They can provide a moment of peace in a sometimes hectic world of study.

School Decisions Made by Board, Administration

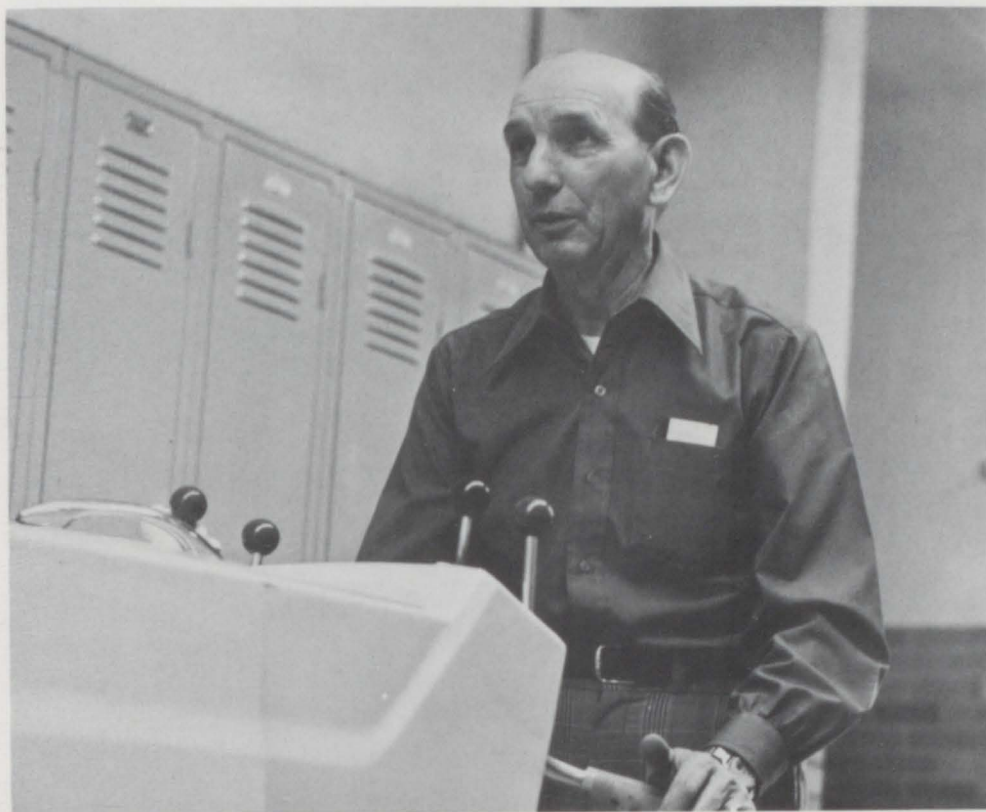

Mr. Thomas K. Smith

Any decision affecting the subjects students take, who will teach the subjects, which activities will be allowed, how activities are financed, student scheduling, and building utilization and upkeep are made by either the Board of Education or the P.H.H.S. administration. Mr. Chester Wydrzynski, principal of Big Red Country, leads the four man administration of this school. Working under him are Mr. Thomas K. Smith, assistant principal in charge of scheduling and curricular planning and implementation. Mr. Robert Beedon, assistant principal, is in charge of finances and assists Mr. Smith in matters of discipline. Mr. John Ufford, assistant principal, is in charge of extra-curricular activities and night school. During the summer Mr. Ufford is in charge of summer school. The P.H.H.S. administrators are representatives of the Board of Education and carry out the policies and the directives of the Board as well as those of the superintendent of schools, Dr. Robert W. Coulter.

Cooks, Custodians Contribute Continuity

The ladies who helped prepare the meals for students this year were Mrs. Jamison, Dorothy Weston, Alice Dillon, Mono Maxwell, Betty Robinson, Judy Wahl, Shirley Stephenson, Judy Grey, Ada Turloff, and Bea Curtiss.

Headed by Mr. Alex Dortman, the custodians included Vie McWilliams, Lloyd Farnum, Gary Vincent, Newt Lentz, Frank McPherson, Ralph Swoffer, Joseph Greaux, Nick Spencer, Allen Eisenhower, and Ray Koehler.

Sophomores Make Important Decisions Concerning Future

The Class of 1976 is struggling hard to find itself. Although it has not made a good showing in such projects as the float building competition as of yet, or money raising for various reasons, the sophomores are building spirit and class pride. Several of its members participated in varsity athletics this year and there are signs that it has much to contribute to P.H. in future years.

This year's officers pictured to the left are President John Berish, Historian Terri Wolff, Secretary Kim Fenner, Treasurer Colleen Cowan, and Vice President Brian Dodson.

Juniors Look Forward to Graduation, Future Jobs, Careers

Right from the beginning it was evident that the Class of 1975 would be different. For one thing, it took second place in the float competition in both its sophomore and junior years, a highly unusual feat. Then this year, showing that it was up with the times, it elected an entirely female slate of officers. Pictured to the left are the class officers, including President Monica Watson, Vice President Carol Sweeney, Secretary Mary Lynn Smith, and Treasurer Cathy Galat.

The folks who advertise in our yearbook help reduce the cost of the book to us, the students who buy *The Student*. Last year advertising reduced the cost of the book by over \$3.00 to each subscriber. Without advertising the book this year would have cost each subscriber over \$8.00.

Help the yearbook. Help yourself. Buy what you need from one of the Big Red Boosters who advertised in this yearbook.

ACKNOWLEDGEMENTS

A publishing venture such as The Student needs the help and cooperation of many people. Those who helped included John Sawdon, Paul Cain, Cathy Cogley, Mr. Beedon, Terry Gerow, Bob LaForge, Ardelle Stone, Sherry White, Mrs. Efstratis, Mr. Laughlin, Mark Christy, Phil Compson, Linda Kivel, the photojournalism class, and Dana Tonnesen. The yearbook apologizes to those who were inadvertently overlooked.
